PROFILE

Passionate full-stack developer skilled in React, Express, and MongoDB, with a strong interest in solving real-world problems in domains like agriculture and AI. I build scalable, user-friendly web applications and thrive on turning ideas into impactful solutions.

SKILLS

Languages: Java, JavaScript, HTML, CSS

Frameworks/Libraries: React.js, Tailwind CSS, Node.js, Express.js

Databases: MySQL, MongoDB

Tools: Git/GitHub, Canva

Languages Known: English, Tamil

CERTIFICATES

- Java Course - Mastering the Fundamentals
- React
- Smart English for Professionals
- UI/UX for beginners

Linked-in Learning
Unstop-Learning
Great-Learning
Great-Learning

PROJECTS

• Real-Time Chat Application

– **Languages:** React - Express - TailWind - Mongo DB

– Developed a real-time chat application using the MERN stack and Socket.IO for live, bi-directional communication. Implemented chat history storage in MongoDB and designed a responsive React interface for seamless UX.

• Agro-Connect

– **Languages:** React - SpringBoot - Mongo DB

– Developed an e-commerce platform for agriculture using React, SpringBoot, and MongoDB to connect farmers and consumers directly. Enabled secure transactions, product listings, and real-time CRUD operations with a responsive UI.

• Credit Card Management System

– **Languages:** React - Express - Sql

– Developed a Credit Card Management System using React, Node.js, Express, and MySQL. Implemented card validations, secure user authentication and CRUD operations with Sequelize ORM.

• Blood Donation Management System

– **Languages:** Java - Sql

– Developed a Java-based console application for managing blood donation records, integrated with MySQL. Implemented modules for donor registration and blood availability search. Used JDBC for database connectivity.

ACHIEVEMENTS

- Solved 200+ problems on LeetCode
- Filed patents for 2 projects.
- Published 3 papers.

TRAININGS

Oct 2024 - Nov 2024

• Rampex - Technologies

Completed a comprehensive training program in React, focusing on both practical and theoretical concepts. Developed a dynamic web application with interactive UI components, implementing state management, routing, and API integration. Gained hands-on experience in building, optimizing, and deploying full-featured React applications.
